Mammoth Chair- PN 009

The Mammoth Chair is hand-crafted from a solid ash wood frame.

The stitching is available in two versions: with or without button-tufted. Seat & back with 40kgs high density & elasticity foam, which offer suitable softness to support your body. A skin-friendly linen fabric with good breathability and optional with cotton linen, velvet or wool.

Mammoth Chair is a modern winged armchair, with a seat and back from the same compression mould.

The specific technique used for cutting gives this chairs it's signature. Using a simplified production method, with a focus on creating a clean and minimalistic chair, make the Mammoth into a iconic and comfortable masterpieces.

This is the wing chair for a new generation. Perfectly proportioned. Tulla's sculpted, king-sized form is very comfortable with its proper tilt and tufted design. The Tunnlla Chair offers a dose of modern character along with excellent lumbar support.

Designer's Story: Jeff holds a Master's Degree in Architectural Design from the University of Wisconsin and has been designing homes and interiors for over 14 years. He began his career as a high-end residential architect for Sutherland Architectural in prestigious Lake Forest, IL. After three successful years with Sutherland, Jeff relocated to Seattle where he worked for the commercialism architectural firm Group West. Jeff left Group West to open his own firm specializing in residential architectural and interior design. There Jeff developed his warm, modern style and successfully designed numerous homes and interiors for his higher-end clientele.

RELAXED IN THE CLASSIC DESIGN SOFA

The cushion is thick, full, and strong elasticity. It will not deform or collapse when sedentary, and the hardness is moderate. The backrest of the sofa is button-tufted, which makes the sofa more high-end and elegant. The sofa is designed with high feet, so the general mop can be extended under the sofa to avoid daily cleaning troubles.
